

please stop the NAB from changing the x-m radio i like it just the way it is
i am a over the road trucker for CFI A VERY LARGE TRUCKING CO WE HAVE XM IN THE
TRUCKS IT IS A SAFETY ISSUE WITH US

It tells of conditions in just about all of the us and canada
normal radio does not it is very hard to get a signal or a clear radio channel
of road and weather condition
let the nab compet and make their sys better
